**ADJOURNMENT**

## Janette Loveys

---

**Subject:** Invitation to Climate Change Adaptation on the BC Coast - Video/Workshop Series - SUNSHINE COAST

**Location:** Lower Level, Gibsons Public Market, 473 Gower Point Road, Gibsons, BC

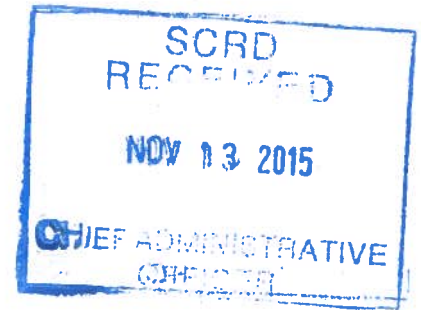

**Start:** Wed 11/25/2015 9:00 AM

**End:** Wed 11/25/2015 4:30 PM

**Show Time As:** Tentative

**Recurrence:** (none)

**Organizer:** Falconer, Kristen

*David Reid, Principal and Landscape Architect of LANARC Consultants Ltd., invites you, on behalf of Natural Resources Canada and partners, to the:*

# Climate Change Adaptation on the BC Coast Video/Workshop Series

**WHAT?** Sunshine Coast Workshop

**WHEN?** Wednesday, November 25<sup>th</sup> from 9:00am to 4:30pm (light lunch will be provided)

**WHERE?** Lower Level, Gibsons Public Market, 473 Gower Point Road, Gibsons, BC

## Google Maps

This is a collaborative project with representatives from NRCAN, BC Ministry of Environment, Climate Change Secretariat, Regional District of Nanaimo, City of Nanaimo, Capital Regional District, Metro Vancouver, City of Burnaby, City of Vancouver, Golder Associates Ltd., and LANARC Consultants Ltd. that will focus on providing practical and accessible approaches to Climate Change Adaptation in community development.

This interactive workshop will be an opportunity to:

- Discuss climate change adaptation issues, particularly related to sea-level rise, localized seasonal drought (Gulf Islands and South Vancouver Island), and stormwater (rainwater) management, as well as explore possibilities for solutions;
- Learn about valuable resources and practical best management practices through evolving video modules that aid workshop participants in planning and implementing adaptation solutions in their local communities;
- Review and comment on 'rough-cut' videos; and
- Share – on camera – stories related to climate change risks or adaptation including the sharing of problems and success stories from your knowledge and experience.

A series of high-quality video shorts will be refined through the workshops, your input, and your 'on-camera' statements. We encourage you to share your stories about climate change risk and

adaptation. Your video statements about preparing for climate change will be important to motivate action in the public and private sector, NGOs, First Nations, and the general public.

Please find the attached **Workshop Summary and Agenda** that provides an overview of the workshop and detailed information on the key topics. A sign-up list for participating in the video sessions is also attached.

Please confirm your attendance by accepting this meeting invite by end of day November 23<sup>rd</sup> to reserve your seat. You are welcome to attend for the entire event or part of the day. If you are unable to attend this event, kindly forward this invitation to an individual who can represent you.

If there are any questions or comments about the project, please contact Kristen Falconer at 604-296-6804 or [Kristen\\_Falconer@golder.com](mailto:Kristen_Falconer@golder.com).

*We look forward to creating multimedia products together that will move climate change adaptation into broad practice in our communities!*

# Detailed Workshop Agenda

Time	Activity	Activity Leader
9:00 – 9:25	Welcome and Introductions <i>“Implementing Change”</i>	David Reid/Aleta Crawford
9:25 – 9:45	The Context of Climate Change and Policy	BC Ministry of Environment
9:45 – 10:00	<b>BREAK</b>	
10:00 – 10:15	<b>Video Modules – Part 1:</b> <ul style="list-style-type: none"> <li>▪ <i>Adapting to Climate Change: An Overview</i></li> <li>▪ <i>Coastal Adaptation Urban Case Study</i></li> <li>▪ <i>Coastal Adaptation: Raised Homes and Buildings</i></li> </ul>	David Reid
10:15 – 10:30	<b>Discussion on Video Modules – Part 1:</b> Strengths, Weaknesses, Gaps, Examples of Issues or Success Stories, Locations?	Rowland Atkins
10:30 – 10:45	<b>Video Viewing for Coastal Flood Modules – Part 2:</b> <ul style="list-style-type: none"> <li>▪ <i>Green Shores, Coastal Dunes, and Wetlands</i></li> <li>▪ <i>Dikes, Levees, and Flood Walls</i></li> <li>▪ <i>Sea Level Rise Planning</i></li> </ul>	David Reid
10:45 – 11:00	<b>Discussion on Video Modules – Part 2:</b> Strengths, Weaknesses, Gaps, Examples of Issues or Success Stories, Locations?	Rowland Atkins
11:00 – 11:50	Introduction to Case Study <ul style="list-style-type: none"> <li>▪ Background</li> <li>▪ Identify Sea Level Rise Planning Areas, Options, and Resources</li> <li>▪ Land Use Adaptation Options to 2100 &amp; 2200: Dialogue in Plenary</li> </ul> Discussion	David Reid Rowland Atkins Video: Aleta Crawford
11:50 – 12:00	<b>TOOLBOX DRAW</b>	Aleta Crawford
12:00 – 12:30	<b>LUNCH</b>	Sponsored by BC Ministry of Environment

12:30 – 12:45	<b>Video viewing for Rainwater Management Modules – Part 1:</b> <ul style="list-style-type: none"> <li>▪ <i>Adapting Through Rainwater Management: Why? How?</i></li> <li>▪ <i>Absorbent Landscapes at Home</i></li> </ul>	David Reid
12:45 – 1:00	<b>Discussion on Rainwater Management Modules – Part 1:</b> Strengths, Weaknesses, Gaps, Examples of Issues or Success Stories, Locations?	Rowland Atkins
1:00 – 1:15	<b>Video viewing for Rainwater Management Modules – Part 2:</b> <ul style="list-style-type: none"> <li>▪ <i>Rainwater Management for Parking Areas</i></li> <li>▪ <i>Rainwater Management for Streets</i></li> </ul>	David Reid
1:15 – 1:30	<b>Discussion of Rainwater Management Modules – Part 2:</b> Strengths, Weaknesses, Gaps, Examples of Issues or Success Stories, Locations?	Rowland Atkins
1:30 – 2:00	<b>CCIAD RESOURCES</b>	BC Ministry of Environment/Aleta Crawford
1:30 – 4:00	<b>Separate Video Sessions</b> (Please refer to section below.)	David Reid (backstage)
2:00 – 2:15	<b>BREAK</b>	
2:15 – 2:30	<b>Video viewing for Water Conservation Modules:</b> <ul style="list-style-type: none"> <li>▪ <i>Adapting Through Water Conservation: Why? How?</i></li> <li>▪ <i>Outdoor Water Conservation</i></li> <li>▪ <i>Rainwater Capture and Reuse</i></li> </ul>	Rowland Atkins
2:30 – 2:45	<b>Discussion for Water Conservation Modules:</b> Strengths, Weaknesses, Gaps, Examples of Issues or Success Stories, Locations?	Rowland Atkins
2:45 – 3:15	<b>“SPEND YOUR MARBLES” GAME: A PRIORITY SETTING ACTIVITY</b>	Aleta Crawford
3:15 – 4:15	<b>“MAKE YOUR OWN MOVIE”</b> Answer a key question in small groups.	Introductions by Aleta Crawford

# Separate Video Session (Green Screen) Opportunities

---

## Notes to Speakers:

1. You will be in front of a green screen. Please do not wear any clothes that are bright yellow/green (chartreuse).
2. Wear what is normal for you! You will have a wired lapel microphone placed near your heart. If there is a pocket, lapel, or blouse-fold, that helps.
3. Choose a key topic and think through your comments in advance. We are open to you ad-libbing if prepped. Humour is always welcome as is optimism!
4. It's often better to write out your comments in advance, just to clarify them in your mind. Aim for about 30 to 60 seconds in comments and in short clips of a sentence or two. Normal speech is about 150 words per minute so try not to have statements longer than that. Be motivational!
5. If you prepare your comments in written form (e.g. in Word) before end of Monday, email them to us and we will have them loaded in a teleprompter over the camera lens. That way, you can read them like a newscast. Even if you are speaking without the teleprompter, please look right into the camera lens – that is your audience!
6. You may choose to speak 'in principle' or 'by example'. If there is an example site you wish to feature, please identify where so we can put you digitally in front of that site using the green screen replace function. If you have a photo of the site (which is at least 1920 x 1080 pixels or higher resolution), please bring it.
7. You will be asked to sign a video release form to let us use your image and words. On that release form, please tell us how you would like to be identified with a label over your video (e.g. your name, your title). You could choose to be identified by name only (speaking personally), by profession (e.g. engineer) or by your organization (e.g. Town of . . . )
8. We will allow 15 minutes of 'studio time' for your statement. That will allow for several takes. So relax . . . the first take isn't the last!
9. We've listed some known gaps in our video library below and some topics and people that would be extraordinarily relevant if they will share their thoughts. But we will attempt to videotape all those who wish to make a serious statement in the following slots. More informal statements will be a part of group engagement events throughout the day (e.g. Case Study Discussion, Make Your Own Movie).

If you are interested in providing a statement on video, please let us know the timeslot and a topic of your preference (some sample topics are provided below).

---

**INDIVIDUAL VIDEO MOTIVATIONAL STATEMENTS**

Timeslot	Example Topics	Topic “Expert”	Facilitator
1:30 – 1:45	Green Shores and Beach Nourishment Examples		David Reid (Backstage)
1:45 – 2:00	Floodplain and SLR Mapping		David Reid (Backstage)
2:00– 2:15	Green Infrastructure Constructed in the Sunshine Coast		David Reid (Backstage)
2:15 – 2:30	Stormwater Utility: Why? Incentive Program and Permits		David Reid (Backstage)
2:30 – 2:45	Water Conservation Programs, Drinking Water Supply, Water Metering, and Pricing		David Reid (Backstage)
2:45 – 3:00	Sunshine Coast Case Studies		David Reid (Backstage)
3:00 – 3:15	Parks and Waterfront Climate Change Adaptation		David Reid (Backstage)
3:15 – 3:30	Planning for SLR and Climate Change		David Reid (Backstage)
3:30 – 3:45	Others?		David Reid (Backstage)
3:45 – 4:00	Others?		David Reid (Backstage)
4:00 – 4:15	Others?		David Reid (Backstage)
4:15 – 4:30	Others?		David Reid (Backstage)
