

Maximizing your Energy Savings on Home Renovations & Retrofits

Are you completing energy retrofits as part of a building renovation that requires a building permit? In addition to the Provincial Energy Efficiency incentive program, Sunshine Coast residents in the rural areas are eligible for an Energy Rebate of up to \$150 as a building permit fee discount where energy efficiency upgrades occur as part of home renovations.

Installation of	SCRD Energy Rebate*	LiveSmart Provincial Incentive Program	Maximum Possible Incentive Value
Energy Star Windows	\$100-150	\$30-60/opening	>\$60/opening
Upgrade to R40 in attic**		\$100-600	\$750

Maximum Amount		\$150	~\$7,000

Until June 30, 2012 Until March 31, 2013

*SCRD Energy Rebate Program applies to homes where at least a portion of work undertaken requires a building permit. The Energy Rebate Program is valid through June 30, 2012. Eligibility criteria and specific condition are outlined in the Information Brochure at www.scrd.ca → Services → Building Permits → Forms & Bulletins

**R-value requirements vary between programs

***LiveSmart photo voltaics are based on \$260 per 1kW *The Federal EcoENERGY program ended Jan 30th*

You have the Power to Save!

Maximizing your Energy Savings on New Home Construction

Building a NEW home or upgrading the envelope to your existing home? Sunshine Coast residents in the rural areas are eligible for an Energy Rebate of up to \$150 if the home meets blower-door test and insulation requirements for an EnerGuide 80 (EG80) rating or higher. See the link below for more information.

SCRD Energy Rebate – New or Upgraded Homes rated EnerGuide 80	\$150
--	--------------

The Energy Rebate Program is valid through June 30, 2012

From September 2011 through 2012 you may also qualify for:

PowerSmart New Homes Program EnerGuide 80	\$2,000
Energy Star Appliance Package	\$200
Maximum Possible Incentive Value	\$2,350
