

## News Release

### Stay Informed on SCRD's Approach to Improving Water Supply

Sechelt, BC – April 29, 2021 – Plans for new water supply, the benefits of water metering and why Stage 1 water restrictions start May 1<sup>st</sup> – all of these topics and more were discussed this past Monday during an information session hosted by SCRD Directors and staff.

The virtual session, streamed live on YouTube included a presentation by staff followed by nearly an hour of questions & answers.

“We continue to receive many questions about the SCRD’s plans to address water supply, now and into the future on the Sunshine Coast,” says Remko Rosenboom, General Manager of Infrastructure Services. “Virtual information sessions give us a great opportunity to connect directly to SCRD residents and share the latest developments on water supply expansion initiatives.”

You can find the recording of the information session here on YouTube
