Beach Closure Advisory in Effect

Sechelt, BC—July 14, 2021—Due to higher than acceptable levels of e.coli in the water, Vancouver Coastal Health has advised that Soames, Grantham’s Landing and Hopkins Landing beaches are required to be temporarily closed for swimming.

Water testing is occurring on a regular basis. When tests show that the beach water quality has returned to an acceptable level, the advisory will be removed.

If you have questions please contact 604-885-6802 or parcs.department@scrd.ca.
