

## News Release

### SCRD Emergency Operations Centre Update #2

Sechelt, BC – November 15, 2021— The SCRD has activated an Emergency Operations Centre (EOC) to assist in coordinating resources as we deal with a number of extremely elevated water / flood related issues in the Region.

This is update #2 at 12pm.

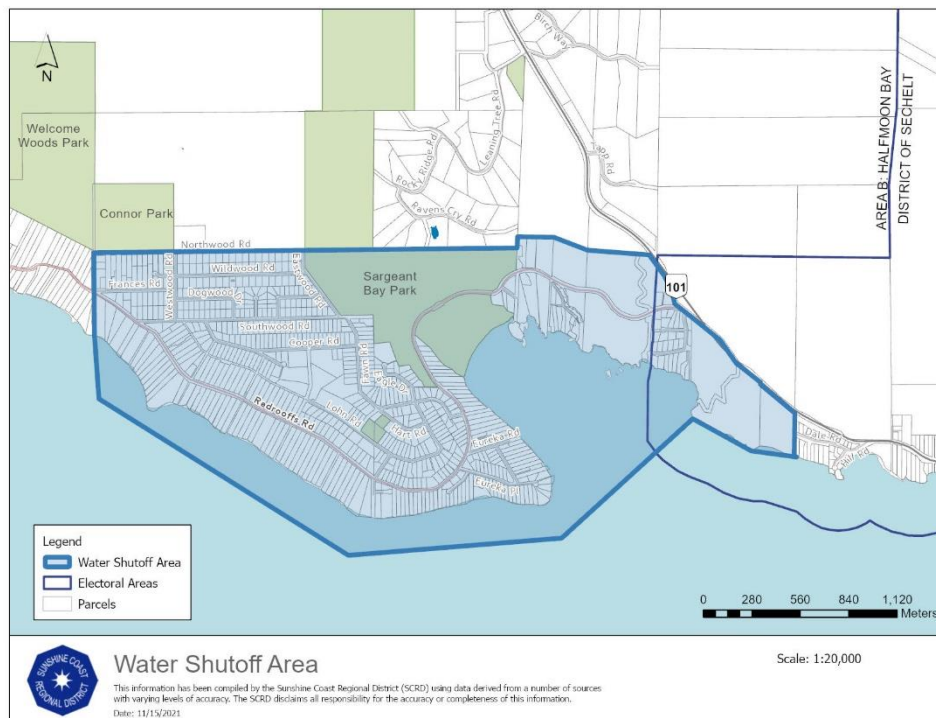

#### Roads

The SCRD is aware of a number of road washouts that have occurred in the Region and all available services are on scene at a number of these sites. The SCRD's EOC is working with the Ministry of Transportation and Infrastructure Services and Capilano Highways as these are the agencies directly responsible for roads and highways to identify and survey these and other areas of concern.

Residents in affected areas should be prepared for continued flooding and potential road washouts and/or closures and continue to pay attention to the SCRD website and local media for updates.

#### Water

Water remains shut off in the Redrooff's Area of Halfmoon Bay. Please see map below for the affected areas. Crews are onsite at this time.

## **Transit**

Road flooding and closures have resulted in disruption to a number of Transit routes. These are outlined below:

Route 1 – No service on Lower Road between Roberts Creek Road and the Roberts Creek cemetery

Route 4 – Halfmoon Bay - No service North of Mason Road

## **Parks**

Cliff Gilker Park, Chaster House and Chaster Park are all closed due to high water flow. These closures are for the safety of the public. Please respect these closures and do not enter any of these areas until advised they have been reopened by the SCRD. Cliff Gilker Park is pictured below.

## **Wastewater Treatment Facilities**

Any potential disruptions to wastewater service will be communicated directly to affected residents.

Stay tuned to [www.scrd.ca/alerts](http://www.scrd.ca/alerts) and the [SCRD on Facebook](#) for updates.
