

## News Release

### Closure Update – Cliff Gilker Park

Sechelt, BC – October 22, 2021 – Cliff Gilker Park remains closed because of a hazard tree that is hung up over the main access road. Due to the proximity of this tree to live power lines, the SCR D is engaging a qualified contractor to facilitate the tree removal. The SCR D is awaiting further information on this contractor's availability.

Currently, people are still visiting the area and parking their cars in front of the main access gate. Please stay away from the area at this time and do not park in front of the gate. This is the main access point to the park and must remain clear for staff and contractors to bring equipment to complete their work.

Further updates will be provided when available. Thank you for your patience while this important work is being carried out for the safety of all park users.
