

## News Release

### Sechelt Aquatic Centre – Main Pool Closure

Sechelt, BC—April 11, 2022— The main pool at the Sechelt Aquatic Centre will be closed on Tuesday, April 12 due to a mechanical issue at the facility.

Staff have been working all through the day today to repair pumps which are integral to the operation of the main swimming pool. Staff are currently sourcing replacement parts for the pumps and hope to have the repairs completed as quickly as possible.

The leisure pool, sauna, steam room, hot tub and weight room will be open as usual.

An update will be provided by tomorrow (Tuesday) afternoon with further information and SCRD staff are reaching out directly to user groups and any registered programs that are affected by this closure.

The SCRD appreciates the patience of the community while this vital repair work is completed.
