Jump in a Fire Truck this Sunday at Roberts Creek Fire Hall

Sechelt, BC – June 2, 2022 – Fire trucks, FireSmart, Firefighters and Fire prevention tips (see a trend here?) will all be available this Sunday, June 5 at Roberts Creek Fire Hall.

If you're in Xwesam / Roberts Creek between 10 a.m. to 2 p.m., then drop in to the Fire Hall at 1302 Roberts Creek Road, just off the highway for an open day being organized by local volunteer firefighters.

There's going to be lots happening, including;

- Meet and greet with local volunteer firefighters, learn more about their experience and what life is like in the Fire Department
- Meet our FireSmart coordinators and learn how you can book a FireSmart assessment for your property
- Jump in an old Fire Truck, Engine 13
- Colouring and activities for kids
- Learn about the Sunshine Coast's emergency notification system, Voyent Alert
- Hamburgers and refreshments with proceeds going to volunteer firefighter initiatives.

"We're looking forward to seeing our community on Sunday for what will surely be a day of learning and fun for everyone," says Sean Hatanaka, Roberts Creek Volunteer Fire Department Deputy Chief. "There's also going to be lots of practical advice which our community should know to keep their property safe from threats such as wildfire on the Sunshine Coast."
