> Home Page > Calendars

Welcome to our new calendar feature! We hope this will make your experience of booking a spot for an activity much easier.

Follow these steps:

1. Choose your Calendar
2. Select the Activity Category (we often have more than one activity taking place at our facilities)
3. Choose your Location
4. Click on the time slot in the calendar that you would like to book and go from there to make your booking!

Note that calendars have been set up from April 25, 2021 onward. Facilities are still open and available before that date, but you'll need to access them by going to the Activities tab at the top of your screen.
