

SUNSHINE COAST REGIONAL DISTRICT

ADDENDUM NO.2

Request for Proposal No. 2137020
Eastbourne Groundwater Development

Date: December 24, 2021

This addendum forms part of the contract documents and shall be read, interpreted, and coordinated with all other parts. The costs of all work contained herein shall be included in the tender submission. The following revisions, clarifications, changes, additions, or deletions supersede the information contained in the original documents to the extent referenced and shall become part thereof:

Number of pages including attachments: 1

Item No.1

Question: Regarding the hydrogeological component. Is the cost of a well driller for the to be included in our proposal or will that work be a separate contract?

It is noted that part of the scope of work under Community Well Development and Analysis states "Procurement of a qualified well driller" which I interpret as being a separate contract. However, elsewhere in the document it mentions to assume a depth of 120 m which is typically something we see when obtaining a well driller.

Answer: The cost of the well driller is to be included in response to this RFP.

Addendum No. 2 is issued prior to receipt of submission and shall form part of the contract documents. The revisions shall clarify the information contained in the original Proposal documents issued on December 1, 2021

If you have any questions regarding the above, please contact the undersigned.
