Hi,

Fondation Émergence's mission is to defend the rights of lesbian, gay, bisexual and trans (LGBTQ+) people. Each year, it organizes the International Day Against Homophobia and Transphobia (May 17), which was created by the Foundation for the first time in the world, in Quebec, in 2003. This day is now recognized nationally and internationally.

For last year's International Day Against Homophobia and Transphobia, Fondation Émergence sent a pride flag (rainbow) to every municipality in Quebec. For this year, we're trying to reach out to every municipality in Canada, this will send a stronger message to the government that the population stand with the LGBTQ+ community. We also invite you to adopt a resolution at City Council to mark this important day (see attached template in the email). Also, we invite you to send us a photo of the flag being raised (raja.dridi@fondationemergence.org), to make a mosaic of all the municipalities in Canada, which will be shared on our social networks.

In addition, we invite you to share this same photo on your social networks by identifying @journee17mai with the #may17mai so that your municipality radiates its inclusiveness throughout Canada.

If you do not have a flag in your possession, you can send us a request at the following email address: (raja.dridi@fondationemergence.org) with the complete address of the City Hall and we will be able to send you one at the price of only \$15.

Last year, several municipalities followed suit, so join us! [Map of Municipalities - May 17](#)

With your support, we continue to make history in Canada and internationally by taking a strong stand against homophobia and transphobia. Together, we can create a country that fully accepts sexual and gender diversity.

Yours sincerely

Laurent Breault
General Director

Subject: [Board #208626] Sunshine Coast Childcare Action Plan - Joint Childcare Council Appointments
Date: Wednesday, April 20, 2022 3:21:19 PM

Good afternoon Sunshine Coast Regional District Board Members,

One of the recommendations from the [Sunshine Coast Child Care Action Plan](#) was to create a Joint Childcare Council (JCC). At the Regular Council meeting this evening, the District of Sechelt Council will be considering appointments for the JCC. We invite you to consider appointing representatives on behalf of the SCRDC to the JCC as well. Attached is a copy of the report we are bringing forward to Council.

From the Action Plan:

5. Create a Joint Child Care Council for the Sunshine Coast

The fifth recommendation is specifically targeted at the local level. Child care is primarily the domain of the Provincial Government, and also receives funding and policy support from the Federal Government. However, there are important steps that local governments and their partners can take to support child care services in their communities.

SUNSHINE COAST ADVANTAGE

The Sunshine Coast has a significant advantage in implementing the recommendations of this report given the high level of collaboration between key community partners that already exist in the form of the project's Steering Committee. The Steering Committee has endorsed the concept of evolving into a Joint Child Care (JCC) Council, and would include representatives from:

- District of Sechelt
- Town of Gibsons
- Sunshine Coast Regional District
- Vancouver Coastal Health
- Sunshine Coast Community Services
- School District 46
- Capilano University Early Childhood Education Program
- Local Businesses

- Other partners as identified by the JCC

The JCC would act as the oversight body for child care in the region generally, and would specifically focus on monitoring and coordinating the recommendations from this report.

SUNSHINE COAST REGIONAL DISTRICT STAFF REPORT

TO: SCRD Board – May 12, 2022

AUTHOR: Yuli Siao, Senior Planner

SUBJECT: Zoning Bylaw No. 722 Consideration of First Reading

RECOMMENDATION

THAT the report titled Zoning Bylaw No. 722 Consideration of First Reading be received for information;

AND THAT Zoning Bylaw No. 722 be considered for First Reading;

AND THAT staff schedule a public information meeting to consider Zoning Bylaw No. 722;

AND FURTHER THAT Zoning Bylaw No. 722 be referred to agencies and Advisory Planning Commissions for comment.

BACKGROUND

On January 13, 2022, the SCRD Board adopted resolution 009/22 as follows:

Recommendation No. 1 *Introduction of Draft New Zoning Bylaw No. 722*

THAT the report titled Introduction of Draft New Zoning Bylaw No. 722 be received for information;

AND THAT the formal review and adoption process of Zoning Bylaw No. 722 proceed in the First Quarter of 2022.

This report presents Zoning Bylaw No. 722 to the Board for consideration of first reading and outlines next steps in the Bylaw's review and adoption process.

DISCUSSION

Following receipt of the report titled [Introduction](#) of Draft New Zoning Bylaw No. 722 by SCRD Board in December, 2021, a workshop was held in March 2022 with Board members to review the Bylaw update project parameters and process.

The proposed bylaw is an initial phase of work related to a series of strategic planning enhancement projects and brings forward a number of key changes to address urgent community needs and concerns, in advance of future more comprehensive planning enhancement projects. Some of the highlights of Bylaw 722, include providing measures to immediately address housing diversity options that can be recognized in advance of future Official Community Plan work, as well as providing clarity, updating and inclusion of modern needs related to home-based business, residential agriculture, climate resiliency, and short-term rentals. Technical housekeeping and user-friendly format changes are also addressed.

Specific changes that are aimed at addressing housing diversity include:

- provisions for secondary suites in any single-unit dwelling;
- increasing the maximum floor area for auxiliary dwellings to 90 m²;
- removing the 6-metre minimum building width requirement for dwellings; and,
- providing clarity around two-unit dwelling parameters with the intent of promoting this housing form where already permitted.

This report is intended to bring forward Zoning Bylaw No. 722 (Attachment A) to the Board for formal consideration of first reading. It is recommended that following first reading of the Bylaw, public information meetings to consider the Bylaw be arranged and the Bylaw be referred to Advisory Planning Commissions and agencies for comments.

Upon completion of public information meetings and agency referrals, a summary report of feedback received will be provided to the Board along with recommendation for consideration of second reading of the Bylaw.

Following second reading of the Bylaw, a statutory public hearing to consider the Bylaw and to gather further public input will be arranged in accordance with the *Local Government Act*. After the public hearing, the Board may consider third reading and adoption of the Bylaw.

CONCLUSION

Zoning Bylaw No. 722 is ready to proceed to the formal review and adoption process. Staff recommend that the Bylaw be forwarded to the Board for first reading and be referred to agencies for comments, and public information meetings be arranged to consider the Bylaw.
