THAT the report titled Association of Vancouver Island and Coastal Communities (AVICC) Resolutions be received for information;

AND THAT the draft AVICC resolutions No. 1 Ports Prioritization and Maintenance, and No. 5 Free Transit for Students, be adopted as amended as follows:

1. Ports Prioritization and Maintenance

WHEREAS public wharves and docks are critical transportation links for people, supplies, and emergency services in coastal communities, and there is a lack of coordinated provincial and federal priority setting and funding to support and maintain critical connectivity along BC's 25,000 kilometres of coastline;

AND WHEREAS the federal government divested government wharves, and the responsibility for maintenance and management of public ports has fallen entirely on local taxpayers and nonprofit groups, and the provincial government does not have a ministry responsible for dealing with for the complex issues involving public ports, especially in unincorporated areas;

019/24 cont.

AND WHEREAS the Ministry of Transportation and Infrastructure is responsible for maintaining the roads leading to public ports and continues to approve subdivision applications for water-only access residential developments; and evolving transportation technology and climate change requires a complete reconsideration of the design of small ports to meet future needs:

THEREFORE BE IT RESOLVED *that the province, and the federal government, review BC's marine network as a whole and identify ports that are vulnerable to long-term funding concerns as well as extreme weather events for more sustained public support* to maintain critical connectivity along BC's 25,000 kilometers of coastline to meet the long term economic, social, and emergency needs of coastal residents.

AND BE IT FURTHER RESOLVED that the province funds the creation of engineering best practices for building ports to meet future transportation needs and climate resilience and provide financial support for the *primary access ports*.

5. Free Transit for Students

WHEREAS the BC Government's fare-free transit program for youth aged 12 and under grade 6 saves families money while offering youth low-carbon transportation that helps the province and municipalities reach carbon neutrality targets;

AND WHEREAS expanding eligibility to those in grade 12 and under would *promote equitable access to transit despite economic disparity amongst youth and families in BC*:

THEREFORE BE IT RESOLVED that UBCM request the province to expand the fare free transit program for youth in grade 12 and under.

AND THAT draft AVICC resolution No. 3 Funding for Rural Road Maintenance, be adopted as presented as follows:

3. Funding for Rural Road Maintenance

WHEREAS secondary roads in unincorporated areas of BC are typically maintained on a break/fix basis despite deteriorating conditions and increasing traffic;

AND WHEREAS there is no publicly available plan for the upgrade and replacement of rural roads, culverts, and bridges;

THEREFORE BE IT RESOLVED that the province direct and fund the Ministry of Transportation and Infrastructure to establish a capital asset management plan for secondary road networks across the province.

AND FURTHER THAT draft AVICC resolution No. 2 Engagement with Local Governments with Respect to Road Network Planning, and resolution No. 4 Improved Road Design for Vulnerable Road Users, be brought forward to the January 25, 2024 Board meeting for future consideration and amendment.

019/24 cont.

Recommendation No. 9 *Community Emergency Preparedness Fund Grant Application – Emergency Support Services (ESS) Equipment and Training – Program Improvements*

THAT the report titled Community Emergency Preparedness Fund Grant Application – Emergency Support Services (ESS) Equipment and Training – Program Improvements be received for information;

THAT the report titled Development Variance Permit DVP00090 (1504 Tideview Road) - Electoral Area F be received for information;

AND THAT consideration of Development Variance Permit DVP00090 (1504 Tideview Road) be deferred to a future Electoral Area Services Committee meeting once more information is received from the Ministry of Transportation and Infrastructure regarding the setback permit.

Recommendation No. 3 *Development Variance Permit DVP00095 (4141 Francis Peninsula Road)*

THAT the report titled Development Variance Permit DVP00095 (4141 Francis Peninsula Road) - Electoral Area A be received for information;

AND THAT consideration of Development Variance Permit DVP00095 (4141 Francis Peninsula Road) be deferred for decision until the applicant has resolved the matters identified by the Ministry of Transportation and Infrastructure regarding the setback permit;

AND FURTHER THAT Development Variance Permit DVP00095 (4141 Francis Peninsula Road) be referred to the Electoral Area A Advisory Planning Commission and the comments be brought back to a future Electoral Area Services Committee for consideration.

020/24 cont. **Recommendation No. 4** *Ports Monitors Committee Meeting Notes of December 11, 2023*

THAT the Ports Monitors (POMO) Committee meeting notes of December 11, 2023 be received for information.

CARRIED

AVICC Resolutions **It was moved and seconded**

021/24 THAT the report titled 2024 Resolutions to AVICC be received for information;

AND THAT the following proposed resolutions be adopted and forwarded for consideration at the 2024 AVICC Annual General Meeting and Convention:

Engagement with Local Governments with Respect to Road Network Planning

WHEREAS the Ministry of Transportation and Infrastructure lacks the funding, staffing and mandate to plan overall road networks in unincorporated areas and to proactively deal with transportation and development planning issues in the "fringe" interface areas of municipalities and regional districts;

AND WHEREAS problems with runoff from roads and development are increasingly severe across the province, and are significantly impacted by the Ministry of Transportation and Infrastructure decisions around subdivision approvals and road infrastructure;

AND WHEREAS the Ministry of Transportation and Infrastructure does not proactively engage with local governments on future planning and maintenance of numbered routes that run through municipalities and often through downtown cores:

THEREFORE BE IT RESOLVED that the province direct and fund the Ministry of Transportation and Infrastructure to engage with local governments on overall road network planning and subdivision planning in order to improve decision-making to reduce cumulative negative impacts on communities.

Improved Road Design for Vulnerable Road Users

WHEREAS the Ministry of Transportation and Infrastructure road design standards prioritize the efficient movement of motor vehicles over the safety of vulnerable road users, including pedestrians, transit users, and cyclists;

AND WHEREAS narrow road rights-of-way and topographic challenges in rural areas often make it impossible for active transportation infrastructure to be built to the Ministry of

021/24 cont. Transportation and Infrastructure's Active Transportation Design Guide of separated paths along road corridors;

AND WHEREAS the Ministry of Transportation and Infrastructure will not approve, fund, or maintain any road improvements that don't meet their Active Transportation Design Guide:

THEREFORE BE IT RESOLVED that the province instruct the Ministry of Transportation and Infrastructure to prioritize the safety of vulnerable road users in their road design standards.

AND BE IT FURTHER RESOLVED that the Ministry of Transportation and Infrastructure recognize the practical challenges of active transportation in rural areas and approve, fund and maintain minor road improvements that increase safety for vulnerable road users, such as paved shoulders and crosswalks.

CARRIED

NOTICE OF MOTION

Climate Emergency Declaration **It was moved and seconded**

024/24 THAT the following Notice of Motion regarding Climate Emergency Declaration be referred to the Committee of the Whole meeting scheduled for February 8, 2024:

024/24 cont.

WHEREAS, as per section 185 (d) of the *Local Government Act*, the purposes of a Regional District include “fostering the current and future economic, social and environmental well-being of its community”;

AND WHEREAS each decade since the 1980s has been warmer than the previous one, with 2023 deemed the hottest year on record, showing a clear trajectory of increase in global warming;

AND WHEREAS the impacts of a warming climate on the Sunshine Coast -- including drought, sea level rise, wildfire risk, severe storms and extreme precipitation -- are significant and increasing in frequency, and affect the financial, physical and mental health of our residents;

AND WHEREAS the March 2023 report from the Intergovernmental Panel on Climate Change (IPCC) finds that it is necessary to limit global warming to 1.5 degrees Celsius to secure a livable future for all, and that, to do so, GHG emissions need to be cut by 43% below 2019 levels by 2030, 60% below 2019 levels by 2035, and reach a zero CO2 emissions target by 2050;

AND WHEREAS urgent, meaningful and just climate action is needed from all levels of government in order to foster a healthy, equitable and livable future for current residents and the next seven generations;

AND WHEREAS the SCRD’s draft Community Climate Action Plan (CCAP) was presented to the Board in 2023 but has yet to be adopted;

THEREFORE BE IT RESOLVED:

THAT the Sunshine Coast Regional District officially declare a climate emergency for the purpose of formalizing and deepening our commitment to protecting our community, ecosystems and economy from global warming;

AND THAT the board continue to develop policy and demonstrate leadership that directs meaningful action on this Climate Emergency Declaration;

AND THAT staff bring the Community Climate Action Plan back for review and consideration of adoption at a future Special Board Meeting, and provide the board with a list of actions that can be started in 2024;

AND BE IT FURTHER RESOLVED THAT this Special Meeting be scheduled no later than end of Q2 2024.

Who we are

The Sunshine Coast Chamber of Commerce is a new organization formed in the Fall of 2023 and formally registered January 1, 2024. This is the outcome of a successful merger endorsed unanimously by the membership of three former Chambers in Gibsons, Sechelt and Pender Harbour.

Stronger as One

The business sector in all local communities will benefit from a larger and stronger Chamber of Commerce serving the entire Sunshine Coast of British Columbia.

Our Purpose:

- is to promote and protect the interests of Sunshine Coast Chamber of Commerce businesses;
- advocate on behalf of businesses at the local, regional, and national levels;
- provide a platform for businesses to connect and network with each other;
- offer educational support and resources to our members.

Government Liaison

All levels of local government will be invited to appoint ex-officio liaison officials
Names to be determined

Our Board

Ron Badley
Doug Marteinson
Gaetan Royer

Our Staff

Janice Iverson – Merger and Transition Facilitator
Ed Pednault – Transition Executive Director

A Strong Board

Continuity and carefully orchestrated transition

The Sunshine Coast Merger Task Force was appointed by the Boards of the three legacy Chambers. The Task Force became an interim Chamber Board, initially with one member of each legacy Chamber. The main goal of this model was to achieve continuity and a smooth transition.

A merger facilitator, expert in governance and community investment, was retained by the Task Force. The facilitator will continue to provide governance support and advice to the Interim Board through the first quarter of 2024.

A new Board, representative of the entire region, will be recruited by the Task Force and duly elected by the membership at the Chamber's first AGM to be held approximately 3 months, but no longer than 6 months, after amalgamation.

The newly elected Board will then review and adopt a new Strategic Plan that will incorporate transition activities yet to be completed and set new objectives.

Accomplishments

We champion the collective voice of our members to create an environment in which Sunshine Coast businesses prosper, families thrive and communities flourish.

We advocate for a business environment that is inclusive, innovative and competitive. We believe that if businesses succeed, they can help support families and grow communities in a sustainable way.

Draft Strategic Plan 2024 – 2026

At the end of an open and transparent process, marked by frequent updates and opportunities to provide their input, members of three existing Chambers of Commerce, Gibsons, Sechelt and Pender Harbour, voted unanimously in support of dissolving existing chambers and forming a single Sunshine Coast Chamber of Commerce.

It is in this spirit of collaboration that the interim Board of the new Chamber created this 2-year, transition-focused Strategic Plan

SUNSHINE COAST REGIONAL DISTRICT STAFF REPORT

TO: SCRD Board – February 8, 2024

AUTHOR: Matt O'Rourke, Assistant Manager, Utility Engineering
Bobby Rebner, Utilities Business Coordinator

SUBJECT: **WATER SYSTEMS MODELLING ENGINEERING SERVICES CONTRACT AMENDMENT**

RECOMMENDATION(S)

- 1) **THAT the report titled Water Systems Modelling Engineering Services Contract Amendment be received for information;**
 - 2) **AND THAT the contract with GeoAdvice Engineering Inc. be increased up to an additional \$34,155 for a total not to exceed \$284,155 (excluding GST), which includes a \$7,265 contingency allowance;**
 - 3) **AND FURTHER THAT the delegated authorities be authorized to execute the contract.**
-

BACKGROUND

At the September 8, 2022, Sunshine Coast Regional District (SCRD) Board meeting, the Board authorized a contract with GeoAdvice Engineering Inc. (GeoAdvice) for water system modelling engineering services up to \$250,000 (excluding GST) which included a contingency of \$60,360.

The existing contract with GeoAdvice has undergone several contract amendments since October 2022 including term extensions as well as value/task adjustments. To date, these contract amendments have fallen under approved budgeted funding as well as initial contract values and contingencies.

The purpose of this report is to request an amendment to the contract with GeoAdvice for an increase to the maximum authorized amount up to \$284,155 inclusive of a \$7,265 contingency.

DISCUSSION

The SCRD's contract with GeoAdvice for water system modelling engineering services is almost fully expended and additional funds are required to maintain their uninterrupted services through the project completion until the end of February 2024.

Several minor scope changes throughout the course of this project have resulted in contingency funds being utilized to complete additional proposed work, including the following value added tasks:

- Comprehensive field data acquisition (i.e., hydrant testing) and water modelling method and data improvements.
- Preparation of additional maps.

- Water system capacity analysis changes and re-running various pressure and location scenarios.
- Pressure zone mapping and map extensions; widened areas of analysis.

The result of these changes and value-added improvements to water modelling engineering services is that the existing contract value of \$250,00 (including contingencies) is not sufficient to complete the anticipated work.

GeoAdvice, in response to requests from SCRD staff, has proposed pricing for a scope change related to additional work related to the following:

- Additional water model runs and associated data analysis to improve the determination of the areas where fire flow deficiencies might exist.
- Preparing final maps with fire flow deficiencies for public presentation.
- Update the associated technical report with new fire flow results.

Staff determined that completing these additional tasks would improve the accuracy and understandability of the results presented to the Board and the public.

Financial Implications

The current value of the contract with GeoAdvice, including all contract amendments to date, totals \$247,827. As discussed above, the maximum allowable contract total approved by the Board is \$250,000.

The value of the additional work being proposed by GeoAdvice is \$29,063 (plus GST). Staff recommend adding a 25% contingency to the GeoAdvice proposal which will result in a recommended increase to the approved contract of \$34,155, which includes a contingency allowance of \$7,265.

As presented in Table 1, the approved project budgets for Water Supply Plan within the North Pender, South Pender and Regional Water Service Areas are sufficient to fund this recommended increase to the contract and there is no amendment to the 2024-2028 Financial Plan required.

Table 1: Project budget implications

	Budget	Expenditures
Total approved project budgets	\$403,000	
Current contract value		\$250,000
Proposed contract amendment		\$34,155
Recommended amended contract value		\$284,155
Remaining project	\$118,789	

Staff therefore recommend that the contract with GeoAdvice Engineering Inc. be increased up to an additional \$34,155 for a total not to exceed \$284,155 (excluding GST), which includes a \$7,265 contingency allowance.

Timeline for next steps

Pending Board approval of the recommended contract amendment, the final study results will be presented at the February 22 Committee of the Whole meeting.

STRATEGIC PLAN AND RELATED POLICIES

This work is focused towards achieving action items and goals identified within the 2023-2027 Strategic Plan, notably the Water Stewardship focus area. This project will factor into decision making related to the SCRD Water Strategy by assisting and guiding future planning and delivery of SCRD water services.

CONCLUSION

The scope and project duration of the Water Systems Modelling Engineering Services project has increased since the original contract was awarded to GeoAdvice for water modelling engineering services. Staff recommend the existing contract for this project be amended to a maximum authorized amount of up to \$284,155, an increase of \$34,155 from the current approved contract value of \$250,000.

The additional contract value amount is recommended to be funded from existing approved budgeted project funding within the North Pender, South Pender, and Regional Water Service Areas.

SUNSHINE COAST REGIONAL DISTRICT STAFF REPORT

TO: Regular Board – February 8, 2024

AUTHOR: Kristi Wiebe, Acting Deputy Corporate Officer

SUBJECT: REQUEST FOR EXEMPTION FROM SCRD NOISE CONTROL BYLAW NO. 597 FOR ALBERG PRODUCTIONS INC.

RECOMMENDATION(S)

- (1) **THAT** the report titled Request for Exemption from SCRD Noise Control Bylaw No. 597 for Alberg Productions Inc. be received for information;
 - (2) **AND THAT** enforcement against Alberg Productions Inc. under *Sunshine Coast Regional District Noise Control Bylaw No. 597, 2008* be waived on February 9, 22, 23, and 26, 2024 in order for Alberg Productions Inc. to perform filming and activities related to film production at 2854 Lower Road, Camp Byng located at 2139 Lower Road, 3063 Lower Road, and 3081 Lower Road, all located in Roberts Creek (Electoral Area D);
 - (3) **AND FURTHER THAT** Alberg Productions Inc. be requested to attempt to minimize disturbances and that appropriate notice be provided to area residents.
-

BACKGROUND

Email correspondence (Attachment A) was received on January 30, 2024 from Deb Beaudreau, Assistant Location Manager, for Alberg Productions Inc. to request an exemption from *Sunshine Coast Regional District Noise Control Bylaw No. 597, 2008* to facilitate filming and activities related to film production in Roberts Creek.

DISCUSSION

The purpose of this report is to request an exemption for Alberg Productions Inc. from SCRD Noise Control Bylaw No. 597. The attached correspondence sets out Alberg Productions Inc.'s anticipated filming activity dates of February 5, 7-9, 22, 23, and 26, 2024, however any date before February 8th, 2024 cannot be spoken to due to the time frame within which the request was received, and Alberg Productions Inc. has been advised of this limitation. The filming work is anticipated to occur between 5:30 am and 8:30 pm. The locations are located within SCRD Electoral Area D, Roberts Creek, and are therefore subject to SCRD Noise Control Bylaw No. 597.

The Bylaw prohibits noise that may interrupt or prevent sleep before 7:00 am and after 11:00 pm on any day that is not a holiday, or before 9:00 am and after 11:00 pm on any holiday. Sundays are considered a holiday per the definition of "holiday" in the Bylaw.

Staff Report to Regular Board – February 8, 2024
Request for Exemption from SCRD Noise Control Bylaw No, 597 for Alberg Productions Inc.

Page 2 of 2

In order to facilitate the filming work requested by Alberg Productions Inc., an exemption from SCRD Noise Control Bylaw No. 597 is requested. If the Board supports filming and filming activities being done during normal 'quiet hours', a resolution can be passed to indicate that enforcement of the SCRD Noise Control Bylaw No. 597 will not be undertaken during the specified time period.

COMMUNICATIONS

Alberg Productions Inc. has advised that they plan to directly notify nearby residents. The SCRD will support communication efforts to residents by posting information on the SCRD website and on social media, and will provide a link to the Reverse Polling Letter provided by Alberg Productions Inc. (Attachment B).

STRATEGIC PLAN AND RELATED POLICIES

n/a

CONCLUSION

Alberg Productions Inc. has requested an exemption from *Sunshine Coast Regional District Noise Control Bylaw No. 597, 2008*, during normal quiet hours in order to allow for filming and filming activity in Roberts Creek (Area D). Staff recommend granting the exemption.

Attachment A

Good morning, Kristi!

Thank you for the swift response to our inquiry!

My name is Deb Beaudreau and I am one of the Assistant Location Managers working on an upcoming TV Series titled "Murder in a Small Town", by Alberg Productions. For your purposes, the company name is Alberg Productions. We will be filming along the Sunshine Coast beginning this Wednesday, January 31st, through until the beginning of May. We have been in communication with the necessary parties for both Gibsons and Sechelt/Davis Bay, but understand that Roberts Creek falls under SCRD.

As is the nature of film, we will be focusing on one episode, or "block", at a time. Following is a list of dates and locations for our time in Roberts Creek for this current block. **Any noise bylaw extension will be bolded for ease of reference (total 4).**

Monday, February 5th - 3063 Lower Road, **530am** until 8pm, **moving work trucks into RC Legion; small crew begin to unload**

Wednesday, February 7th - 3063 Lower Road, **530am** until 830pm, **moving trucks into RC Legion; small crew begin to unload**

Thursday, February 8th and Friday, February 9th - 3063 Lower Road - within Noise Bylaw hours

Tuesday, February 20th - Camp Byng, 2139 Lower Road, **530am** until 8pm - **work trucks move in and park at Camp Byng; small crew begin work on trail north of the lot (approved by liaison)**

Tuesday, February 20th - 2854 Lower Road - within Noise Bylaw hours

Thursday, February 22nd and Friday, February 23rd - 3081 Lower Road - within Noise Bylaw hours

Monday, February 26th - 3081 Lower Road - 1300 (1pm) until **1230am - filming ends by 11pm. We require the extra hour to hour and a half to quietly load work trucks parked in the lot behind RC Legion and leave the area.**

Note that in all instances, these extensions are required in order to be able to have enough hours to complete our filming days. A filming day typically runs 12 1/2 hours for actual shooting, with often time before or after shooting hours to prepare and clean up, respectively. The times set for filming are based on location or actor availability, the amount of work required to set up for our scenes, the amount of daylight or lack of daylight required for the scenes that day, and turnaround time for crew.

Typically we will deliver a Filming Notification letter to anyone affected by our work. I have attached a copy of the letter for our first location here for your reference.

Thank you so much, Kristi! If you have any questions, concerns, or require further clarification, please do not hesitate to contact me at [REDACTED]. Alternatively, you may contact Priscilla Yeo, Assistant Location Manager, at [REDACTED]; or Dana Herriott, Location Manager, at [REDACTED]

I look forward to hearing from you!

Hello again, Kristi!

I certainly do appreciate the tight timeline for the decision on this. I may have a solution, although of course it would be with your approval.

I am attaching a Reverse Polling Letter. This is a letter delivered (in this case, tomorrow morning) to any residents who may be affected by the sound of our work. The resident is invited to either reach out to yourself or to our production to state whether they are in support of or against our extension. This will also give us the opportunity to address any concerns for those who are affected and rectify any issues before they form.

Please let me know if you think this would be a satisfactory compromise. Going forward, we will be sure to send our requests to you prior to the regular Board meetings.

Thank you, Kristi! I look forward to hearing from you!

Good morning, Kristi!

I have a bit of an update. In an effort to be less disruptive the morning of February 5th, we will be bringing our trucks into the parking lot of RC Legion on the Sunday before, prior to 9pm. This should lessen any disturbance on the Monday morning.

Thanks, Kristi!

Re: Legislative Reform Initiative Update

Dear Local Government Colleagues:

On September 21, 2023, the Regional District of Nanaimo (RDN), Alberni-Clayoquot Regional District, Fraser Valley Regional District (City of Chilliwack), and Don Lidstone, K.C., hosted an interactive, discussion-based panel session (Legislative Reform Initiative) focused on reform of the *Local Government Act* (LGA) at the UBCM Annual Convention in Vancouver. While the lack of powers for regional districts in the *Act* was a major spark for this initiative, the session was intended for both municipal and regional district officials because many aspects of municipal operations are contained in the *LGA* and municipal issues with the *Act* have been the subject of numerous UBCM resolutions over the years. Similar workshops have been held previously at the Association of Vancouver Island and Coastal Communities' Annual Conventions in 2022 and 2023. Approximately 80-85 people attended the September 2023 UBCM session, indicating a broad interest in this evolving topic.

Concerns about the dated *Local Government Act* have been widespread for some time among local governments. Although the Ministry of Municipal Affairs has made significant incremental changes in the legislation over time, without a comprehensive modernization of the *LGA* regional districts are left without sufficient tools or authority to meet expanding responsibilities or to legislate in key areas in comparison with municipalities. Moreover, the evolving social, political, and economic environments that both municipalities and regional districts operate within, such as climate change, environmental stewardship, and a recognition of the importance of First Nations' participation in regional governance, should be reflected in updated and modernized legislation. A key component of our discussions is that any additional powers or tools granted to local government are opt-in so that local governments can choose to implement tools based on what is best for their area.

The goals of the September 2023 UBCM interactive panel session were:

- to provide context and background about the Legislative Reform Initiative
- to discuss whether to proceed with the Legislative Reform Initiative
- to discuss options for the best path forward to steer the process

Prior to the session, the Ministry of Municipal Affairs provided some background information and several questions to consider during the group's discussion. This material was useful and very much appreciated.

The RDN committed to sending UBCM members a "What We Heard" document summarizing discussion at the session and next steps. We are attaching that document to this letter for your information, as well as the material provided by the Ministry of Municipal Affairs that was considered as part of the September 2023 panel discussion at UBCM. In addition, we are attaching the slide deck presented at the UBCM session.

We encourage other local governments to participate in this important initiative. As indicated in the "What We Heard" document, the RDN is currently following up with UBCM on the possibility of requesting that the UBCM Executive form a working group on this topic. Having letters of support from local governments across the province would be helpful in demonstrating interest. Should you wish to send a letter of support, have any questions, or wish to share examples of legislative challenges stemming from the *Local Government Act*, please contact RDN Chief Administrative Officer Douglas Holmes at dholmes@rdn.bc.ca.

Sincerely,
