4. POLICY

- 4.1** The SCRD's primary goal in the procurement process is to attain best value using processes that are competitive, open, transparent, and non-discriminatory.
- 4.2** Where possible, the SCRD will give preference to the purchase of goods, services and construction that minimize adverse environmental impacts and greenhouse gas emissions and that promote recycling, re-use, and reduction of waste, and promotes a healthy economy.

BOARD Policy

- 4.3** Purchasing staff will review and modify evaluation criteria, and weightings will vary by contract. The criteria will be specific to the nature of the procurement and clearly stated in the procurement documents to include environmentally and socially responsible options or criteria to be considered along with price and performance.
- 4.4** Purchasing staff will select the most appropriate process for the requirement, considering the discussions at the planning phase.
- 4.5** The following threshold will guide the method of procurement used to purchase goods, services, or construction:

Estimated Thresholds	Method
Goods and Services	
Less than \$30,000	Small Purchase Guidelines
\$30,000 to \$75,000	Invitational Bid Process or Formal Competitive Process (RFP, ITQ, RFSO)
Greater than \$75,000	Formal Competitive Process (RFP, ITQ, RFSO)
Construction	
Less than \$200,000	Invitational Bid Process or Formal Competitive Process (RFP, ITT)
Greater than \$200,000	Formal Competitive Process (RFP, ITT)

Vendor Relationships

- 4.6** Authorized staff and the department responsible for the procurement transaction will maintain records of supplier performance. The information will be used to ensure contract compliance, to supplement a subsequent prequalification process or to justify a subsequent award to other than the lowest bidder where it can be demonstrated that such records are part of the evaluation process and criteria.
- 4.7** When a procurement transaction is awarded using a formal competitive process, unsuccessful vendors are entitled to a debriefing upon request to obtain feedback on the strengths and weaknesses of their bids.
- 4.8** All vendor complaints, whether directed to an elected official, the Chief Administrative Officer or a member of staff shall be referred to the Manager, Purchasing and Risk Management and dealt with as outlined in Appendix B.

Ethical Considerations

- 4.9** A vendor must not attempt to influence the outcome of a procurement process by engaging in lobbying activities. Any attempt by the vendor to communicate, for this purpose directly or indirectly with any employee, contractor or representative of the

BOARD Policy

SCRD, including members of the evaluation committee and any elected officials of the SCRD, or with the media, may result in disqualification of the vendor.

- 4.10** No member of the Board, employee or volunteer shall have any direct or indirect pecuniary interest in any competitive bid or arrangement for the supply of goods, services, or construction to the SCRD, unless it is first disclosed by the person submitting the bid or supplying the goods, services, or construction. All competitive bid documentation must include a section that requires suppliers to disclose any actual or potential conflicts of interest and existing business relationships it may have with the SCRD, its elected or appointed officials or employees prior to submission of the bid.

Metrics and Reporting

- 4.11** Staff will report semi-annually to the Committee of the Whole on all new contracts entered within the Chief Administrative Officer expenses approval limit.
- 4.12** Staff will report semi-annually to the Committee of the Whole on the number of vendor and/or contractor performance evaluations formally completed per year.
- 4.13** Staff will report semi-annually to the Committee of the Whole on the number of exceptions to the Procurement Policy.
- 4.14** Staff will pro-actively release contract award information on the SCRD website after the contract has been executed.
- 4.15** Staff will publicly report award recommendations to the Board for contracts that require Board approval as per the Delegation Bylaw.

In drafting these reports staff will reference the Province of BC's Guidance for the Release of Information Related to the Competitive Procurement Process. The SCRD will promote sustainable and social procurement factors and make decisions that are consistent with the strategic goals and objectives of the SCRD.

- a) Within the limits set out by applicable trade legislation, the SCRD will seek to identify procurement opportunities that support the development of a sustainable local economy. While no local preference policies are permitted, by practicality, any small value and low dollar purchases would normally be made in the Local Area.

The Regional District recognizes the importance of economic development within the Sunshine Coast communities it serves. Should all economic, environment and social requirements of the procurement be equal, the contract shall be awarded to the local bidder.

BOARD Policy

In the case of a tie bid where only local bidders or where only non-local bidders have tied, the Manager, Purchasing and Risk Management shall request the tie bidders to submit a final offer.

The SCRD, where applicable, may choose to include in the Tender evaluation criteria a requirement for the vendor's employees be paid a Living Wage for performing the Tendered services.

- b) The SCRD will use, where appropriate, an evaluation model that incorporates the Total Cost of Ownership of products and services including the environmental benefits which may include sourcing with minimal packaging, sustainable products, and services with low environmental impact (where reasonably quantifiable).

These costs will be factored into the vendor pricing, evaluation, and selection process.

Staff are encouraged to develop and participate in opportunities to partner with local government entities and businesses in the Local Area to provide awareness of the goods and services the SCRD procures.

General Applications

- 4.16** When replacing assets through a Tender process, consideration to the disposal of the current asset will be incorporated in the Tender document and be consistent with the asset disposal process.
- 4.17** When a contract valued above trade agreement thresholds and is intended to be awarded on the basis that there is only one vendor that can provide the goods/services required and cannot be strictly proven or a specific exemption is not available under the Trade Agreements, a Notice of Intent must be posted on BC Bid.
- 4.18** In the event of a natural disaster where it is impossible to obtain the necessary authority in a timely manner, the Chief Administrative Officer or Chief Financial Officer shall have the authority to bypass policy and procedures. All such purchases shall be reported as soon as possible to the SCRD Board Chair.
- 4.19** Contracts may only be extended where one of the following conditions are met:
 - a) The extension option was included in the Tender document.
 - b) The extension is permitted using a Sole Source.
- 4.20** There is (or is about to be) a new Tender for the goods or services being provided under the expiring contract and the extension is approved by the Manager, Purchasing and Risk Management to provide time to complete the new Tender. Increases to the value of

- 4.21** Notwithstanding the provisions of this policy, the SCRD shall have the right to reject the lowest or any bid at its absolute discretion. The SCRD also reserves the right to cancel, or reissue bid documents in the original format or modified as best suits the requirements of the SCRD.
- 4.22** Staff must not prepare, design, or otherwise structure a procurement, select a valuation method, or divide procurement requirements to avoid the obligations with the policy, purchasing procedures or the Trade Agreements.
- 4.23** All contracts for services being provided on SCRD property require the vendor to provide proof of registration, where applicable, and remain in good standing with WorkSafeBC throughout the term of their contract. Vendors may be required to provide clearance letters before and after performing work for the SCRD. In the event the vendor is not eligible for registration with WorkSafeBC for reasons other than workplace safety performance, the SCRD may register the vendor and pay the applicable WorkSafeBC premiums, at the vendor's expense.

- 5.3** An emergency purchase occurs when a situation creates an immediate and serious need. A key element is that the emergency is unforeseen and could not be predicted in advance. The expiry of a contract does not qualify.
- 5.4** When it has been proven that only one vendor is qualified and available to provide the goods and/or services. Examples of such proof could be:
 - a) To ensure compatibility with existing products, facilities, or services, to recognize exclusive rights, such as exclusive licenses, copyright, and patent rights, or to
